Per dozen,	\$26 75	30 25	34 00	37 50												

The best made Paint and Varnish Brushes are liable to shrink more or less if kept in very warm or dry places. All good workmen know how to remedy this, and a word by dealers to consumers will often prevent annoyance to themselves and loss to manufacturers.

PAINT AND VARNISH BRUSHES SHOULD NEVER BE USED AS DUSTERS NOR USED DRY.

	2 1/2 in.	20 00
	3 in.	24 00

B EX. FRENCH BADGER, 80 cents per inch.

For Red Sable, Camel Hair, Fitch or Bear Hair and Badger Hair Brushes in our list will be found what is desired.

All Brushes that have wrappers on, should be kept so as much as possible, as the Bristles keep cleaner, and the brush retains its proper shape and is more salable.

Painters' Brushes should never be kept in a warm, dry place.

Never put a brush in newly slacked lime, it will destroy the bristles.

Paint and Varnish Brushes should never be used as dusters, and it is unnecessary to soak them in water before using.
